## **Grammar Progression for Writing**

A guidance document to support teachers in the teaching of grammar within the English curriculum from Year 1 to Year 6

Jointly written by Claire Ridsdale and  
teachers from Bath & Wells MAT  
schools

## Foreword

Developing a clear progression for the teaching of grammar is not only crucial in supporting children's skills, but also a key Ofsted focus. Inspectors must consider 'how leaders have ensured that the subject curriculum contains content that has been identified as most useful and ensured that this content is taught in a logical progression, systematically and explicitly enough for all pupils to acquire the intended knowledge and skills.' (Ofsted Handbook).

An extensive body of research indicates that to be effective, grammar should be taught in the context of children's writing, not as a body of separate knowledge, taught through stand-alone lessons for its own sake. An effective pedagogy for writing includes explicit teaching about how language works and how language choices construct meaning in different contexts. Grammar teaching should draw attention to these linguistic choices and possibilities. (D Myhill) We want children to understand how grammar can be used to improve and shape their writing. To achieve this, grammar should be interwoven as part of the teaching sequence, enabling children to analyse how authors have used language within the texts being studied so that they are able to 'read as a writer and write as a reader'.

This progression, jointly written by Claire Ridsdale and English leads from BWMAT schools, has been developed to ensure that teachers across the trust have a consistent understanding of each year group's grammar curriculum expectations. It is intended that teachers in Year 1 to Year 6 use this progression to support planning, ensuring that teaching focuses on the skills for each year group as specified.

The document outlines the skills for each year group; however, teachers will need to carefully consider how to introduce this learning across the year. Some elements will need to be broken down into smaller component steps, for example, the teaching of noun phrases in Year 2 may start by establishing what a noun is (dragon); then move on to a basic noun phrase (the dragon), followed by a simply extended noun phrase (the scary dragon) before progressing to noun phrases with more detail such as the use of two adjectives joined by and, building on learning from Year 1 (the huge and scary dragon) and, once commas for lists have been introduced, two adjectives joined by commas (the huge, scary dragon).

Teachers will also need to consider planning to revisit and embed learning from prior year groups, especially where this is not yet secure. It is expected that most children will be working within the expectations for their year group. Where this is not the case, this document can be used to support adapted teaching through tracking backwards. It is also important that teachers think carefully about what to introduce and when. Within each year group, it makes sense to secure some skills before others, for example, it is helpful to embed the use of fronted adverbials in Year 4 before introducing subordination. It is also worth noting that managing cognitive load plays a key part in effective teaching. It is often better to focus on one or two skills and embed these, rather than adopting a more scattergun approach and trying to cover too much at once.

It is essential that children have opportunities to apply their developing skills in a variety of contexts, both within English and across the curriculum. As they progress, children should be able to use a wider range of grammatical features with greater control and effect. This document includes specific support for pupils working at greater depth, who will be able to apply their skills more broadly.

## **Bath & Wells Multi Academy Trust Grammar Progression**

The progression within this document is based on the English National Curriculum and predominately in line with the expectations laid out within it. A few minor adaptations have been made taking into consideration the needs of learners across the trust. Where this is the case, skills have been placed in a different year group to help support a more appropriate progression. (Any changes are marked by an \*)

Within some year groups, it has been decided to include certain elements to expose children to certain aspects. For example, in Year 1 the terms vowel, consonant, noun, verb, adjective, proper noun, subject and object are introduced. It is not intended that children secure understanding of these terms until the end of Year 2, but it is hoped that by introducing them, children will start to develop the vocabulary needed to talk about their writing. It is important to remember that this is a planning document: where aspects have been included for exposure, they should not form part of assessment. Assessment should be based on the BWMAT Teacher Assessment Criteria.

This document does not dictate how lessons should be taught, just the skills that need to be taught in each year group. Schools may use different programmes and approaches or strategies, such as Talk for Writing or Alan Peat sentences as tools to support learning but they should adhere to the progression within this document.

Being able to make conscious decisions about how to use grammar effectively supports children to become writers. Ensuring these skills are taught in a logical progression and embedded year on year will enable our children to leave primary school equipped to embrace the next stage of their learning, helping them to become successful in later life.

In all BWMAT schools, the writing curriculum starts on children's entry to school in the EYFS. The progression of knowledge and skills for all Nursery and Reception children is detailed in the [BWMAT Birth to Five Progression Framework](#).

# Punctuation

Note: It is vital that previously taught punctuation is secured and consistently applied in children's writing. This may involve re-visiting prior learning to consolidate and making sure expectations and non-negotiables are embedded throughout the year.

Greater Depth	<ul style="list-style-type: none"> <li>Use sentence demarcation consistently, including question and exclamation marks</li> </ul>	<ul style="list-style-type: none"> <li>Use all taught punctuation accurately and consistently</li> </ul>				<ul style="list-style-type: none"> <li>Use colons and semi colons effectively to mark the boundary between main clauses e.g. <i>The terrifying dragon let out its final roar; she fell to the ground.</i></li> <li>Use punctuation precisely to enhance meaning and avoid ambiguity</li> </ul>

(Defines which knight is being referred to)</b></li> </ul>

# Cohesion

Note: Cohesion is not only achieved through the use of grammatical features. Children may use a range of cohesive devices but still lack cohesion overall if they are not able to maintain purpose, audience and form; use accurate subject-verb agreement; use person with consistency and use standard English where required. In addition, writing loses cohesion if words are missed out, if they are in the wrong order or if vocabulary choices are not appropriate (even if it is clear what the child meant to write).

	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Tense and verb forms	<ul style="list-style-type: none"> <li>Use the simple form of the present, past and future tense orally</li> <li>Use the past and present tense in writing <i>mostly</i> accurately</li> </ul>	<ul style="list-style-type: none"> <li>Accurate and consistent use of the simple present and past tense</li> <li>Use common irregular past tense verbs correctly e.g. <i>go/went, has/had, am/was, are/were, say/said, know/knew, do/did, come/came, get/got, give/gave, find/found</i></li> </ul>	<ul style="list-style-type: none"> <li>Use the past progressive e.g. <i>The dragon was flying</i> and the present progressive e.g. <i>The dragon is flying</i> to show actions in progress</li> </ul>	<ul style="list-style-type: none"> <li>Introduce non-finite verbs (verbs without a tense) e.g. <i>flying high, breathing fire, running away</i></li> <li>Control the use of tense where changes are needed e.g. <i>past tense in narrative to present tense for speech</i></li> </ul>	<ul style="list-style-type: none"> <li>Introduce the use of the present perfect e.g. <i>The dragon has eaten</i></li> <li>Introduce the use of the past perfect e.g. <i>The dragon had eaten</i></li> <li>Control the use of tense, including where different verb forms are used</li> </ul>	<ul style="list-style-type: none"> <li>Use the passive to create empathy e.g. <i>The whole village was burnt to the ground</i>; to create suspense e.g. <i>the egg was taken</i> and to create a formal tone e.g. <i>The creature was last seen</i></li> </ul>
Pronouns	<ul style="list-style-type: none"> <li>Use personal pronouns e.g. <i>I, he, she, they, we you, me</i> mostly accurately</li> </ul>	<ul style="list-style-type: none"> <li>Use personal pronouns e.g. <i>I, he, she, they, we you, me us, them, it</i> consistently across pieces of writing.</li> </ul>	<ul style="list-style-type: none"> <li>Use nouns and pronouns to aid cohesion <i>within sentences</i>, including when using speech</li> </ul>	<ul style="list-style-type: none"> <li>Use possessive pronouns e.g. <i>mine, ours, yours his, hers, theirs</i></li> <li>Use nouns and pronouns to aid cohesion <i>across the text</i></li> </ul>	<ul style="list-style-type: none"> <li>Use relative pronouns e.g. <i>who, whom, which, whose, that, which</i></li> <li>Use a range of nouns and pronouns effectively to avoid repetition or ambiguity and aid cohesion</li> </ul>	<ul style="list-style-type: none"> <li>Use reflexive pronouns e.g. <i>myself, yourself, himself, herself, itself, ourselves, yourselves, themselves</i></li> <li>Use of a range of nouns and pronouns effectively to avoid repetition and ambiguity and to aid cohesion across the text</li> </ul>
Paragraphing	<ul style="list-style-type: none"> <li>Write sequences of linked sentences to form short texts</li> </ul>	<ul style="list-style-type: none"> <li>Sequence sentences to form a variety of short fiction and non-fiction texts</li> </ul>	<ul style="list-style-type: none"> <li>Use paragraphs to group ideas e.g. <i>change of setting or character, new topic in non-fiction</i></li> <li>Leave a line to show each new paragraph</li> </ul>	<ul style="list-style-type: none"> <li>Organise content into <i>relevant</i> paragraphs across the text to show a change of focus, time, place or speaker</li> </ul>	<ul style="list-style-type: none"> <li>Use a range of devices to link paragraphs <i>across</i> the text and <i>within</i> paragraphs e.g. <i>adverbs, adverbial phrases; pronoun chains, conjunctions</i></li> </ul>	<ul style="list-style-type: none"> <li>Use a range of cohesive devices within and between paragraphs e.g. <i>wider range of connectives, referencing, repetition for effect, ellipsis,</i></li> </ul>
Greater Depth			<ul style="list-style-type: none"> <li>Demonstrating greater depth in cohesion will often be shown through the provision of appropriate writing opportunities. For example, a newspaper report often requires children to use progressive, perfect and passive verb forms; to control the use of past, present and future tense and ensure that paragraphing is used effectively.</li> </ul>		<ul style="list-style-type: none"> <li>Introduce the subjunctive form e.g. <i>If I were you; were that to be the case</i></li> </ul>	

# Editing and revising

**Editing: checking and correcting errors with spelling, punctuation and cohesion**

**Revising: improving the style and content of the writing in relation to the purpose and audience**

Note: the examples below are just examples of some of the things children may need to edit and revise – they are not an exhaustive list. In all year groups, children should be editing and revising in line with their year group expectations. Many children may also need to edit previously taught features (such as sentence demarcation) but this should not be the sole focus.

	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6

# Appendix

## Co-ordinating Conjunctions (but, or, yet, so, for, and, nor)

- Co-ordinating conjunctions have one function: to join clauses of **equal importance**.
- Removing the conjunction between two independent clauses leaves two simple sentences whose meanings remain unchanged. They stand alone as individual sentences.

e.g. The dragon was fierce **but** George loved it.

The dragon was fierce. George loved it.

Removing the conjunction does not change the meaning of the clauses.

## Subordinating Conjunctions

- Subordinate clauses are dependent on a main clause to carry meaning.
- Subordinating conjunctions have two functions: they **join the clauses** and they **show the relationship between them**. Removing the conjunction changes the meaning.

e.g. **As** the dragon's breath was fiery, George always stood well back.

Using **as** shows the relationship between the clauses. George only stands well back because the dragon's breath is fiery. If the subordinating conjunction is removed, the reader doesn't see the relationship between the two statements.

e.g. The dragon's breath was fiery. George always stood well back.

Subordinate clauses can come in different positions within the sentence:

# Appendix

## Conjunctive Adverbs

- Conjunctive adverbs act as a link between two independent clauses.
- Their function is to make it clear how the ideas either side of the conjunctive adverb are related.
- There are rules about how to punctuate when using conjunctive adverbs in a sentence.
- If the conjunctive adverb is joining two main clauses, a semicolon or full stop is needed before it and a comma after e.g.

I like dragons; **however**, I don't like the noise they make.

I like dragons. **However**, I don't like the noise they make.

It is incorrect to use commas to separate the two main clauses e.g.

I like dragons, **however**, I don't like the noise they make.

- When the conjunctive adverb comes in the middle of the clause, it is marked by commas e.g.

I like dragons; I don't, **however**, like the noise they make.

I like dragons. I don't, **however**, like the noise they make.

	Position	Subordinate clause	
<b>Conjunctive adverbs</b>  e.g. also, however, therefore, consequently, furthermore, indeed, in fact, nevertheless, nonetheless, moreover, likewise, incidentally, meanwhile,	The <b>conjunctive adverb</b> can be moved within its <u>clause</u>	The villagers were sleeping peacefully; <u>meanwhile</u> , the dragons were planning their attack. The villagers were sleeping peacefully; <u>the dragons were, meanwhile</u> , planning their attack. The villagers were sleeping peacefully. The dragons, <u>meanwhile</u> , were planning their attack.	
	The <u>clause</u> with the conjunctive adverb can only come after the main clause.	<b>Correct</b>  The villagers were sleeping peacefully; <u>meanwhile</u> , the dragons were planning their attack.	<b>Incorrect</b> <ul style="list-style-type: none"> <li>• <u>Meanwhile</u>, the dragons were planning their attack; the villagers were sleeping peacefully.</li> <li>• <u>The dragons were, meanwhile</u>, planning their attack; the villagers were sleeping peacefully.</li> <li>• The dragons were, <u>meanwhile</u>, planning their attack. The villagers were sleeping peacefully.</li> </ul>
